

*Special Limited Time
Offer - New DVD/VHS
“Infection Control for HME Services:
2006-2007”*

***Special Pre-Release Price (40% off)
Offer good only until November 30th!***

*VGM, the new exclusive distributor of Belson/Hanwright HME DVD's and Videos, is announcing this exciting, new interactive DVD at a special sale price to VGM members.
Hurry to get your own copy – offer definitely ends **11-30-05!***

This video and accompanying study guide offer the latest information on infection control procedures required by OSHA and the infection control standards of all HME accreditation organizations. This video and study guide offer instruction for all staff members who handle home medical equipment.

Issues include:

- Proper use of personal protective equipment
- Correct methods of handling used equipment from the warehouse to the client's residence
- Best practices for cleaning used equipment
- Proper preparation and transporting of “clean” and “dirty” equipment
- And much, much more!

Regular prices DVD \$249/VHS \$195

*Only one week left to take advantage of the
“Accreditation of HME Services: 2006” special!
(Offer ends 10-31-2005!)*

Infection Control for HME Services: 2006-2007

This new production is available as either DVD or VHS cassette. The DVD is fully interactive and includes a self-testing feature.

“A good way to communicate – informative, focused and entertaining.”

HomeCare Magazine

Use this video to....

- Protect your staff and your clients
- Reduce the risk of the spread of infection
- Always have available as a standard component of your orientation program and annual educational updates

*Please contact VGM for more information on 18 other HME specific Belson/Hanwright Videos now available exclusively through VGM.
